

My Dog, Twinkles

I have a dog. He is a beagle. His name is Twinkles. He came home in a little bundle. We had to be gentle because he was so little. When I saw him I had to giggle. He had eyes that twinkled! That is how he got the name Twinkles.

Now Twinkles is not so little. Twinkles and I play out by the maple tree. We run in circles. Then, Twinkles and I jump in a big pile of maple leaves.

Twinkles is funny. He makes me giggle. Twinkles likes it when I blow bubbles. When I blow bubbles, Twinkles jumps up and runs in circles. I run after Twinkles. We run in circles until we stumble. Then we settle down.

Today, Dad came home with a new little bundle. It is a new little beagle pup! This pup does not have eyes that twinkle, but it **does** have funny wrinkles. What do you think Twinkles and I will name the new pup?
