

# Subject & Verb Agreement

Name: \_\_\_\_\_

Having subject and verb agreement means matching singular subjects with the singular form of the verb being used, and matching plural subjects with the plural form of the verb being used. If your subject and verb don't agree because you have chosen the wrong form, you will most likely be able to tell that it just doesn't sound right when you say your sentence out loud.

CORRECT:

The puppies are cute.

Since *puppies* is plural, it would sound funny to use the singular verb form, *is* (NOT correct): The puppies is cute.

Since boy is singular, it would sound funny to use the plural verb form, *walk* (NOT correct):  
The boy walk home from school.

CORRECT:

The boy walks home from school.

\*\* The subjects "You" and "I" do not follow the rule. Even though they are singular, they are matched with the same verb form as plural subjects.

**Choose the correct form of the verb to match each subject.**
